NAMES OF ENTRIES IN BOURBON NEWS AUTOMOBILE AND PRIZE CAMPAIGN.

First List of Nominations Con-
tains Scores of the Most Popu-
lar People In This Section of
Kentucky—If Your Neighbor-
hood, Town or Rural Route Is
Not Represented

SEND A NOMINATION TODAY

Full Instructions Will Then Be
Sent Upon Receipt of the Nom-
ination Blank, Properly Filled
Out With Your Name or That
of a Friend.

The barrier has been raised.
The race is on.
They're off.
In a bunch.

Any old way you wish to express it,
the Bourbon News Big \$1,200 Auto-
mobile and Prize Campaign is under way.
Today the Bourbon News publishes
its first list of candidates who have
been nominated in the greatest news-
paper enterprise ever inaugurated by
a semi-weekly paper in Kentucky.

The names of scores of popular peo-
ple appear on this list. The number
of entries certainly indicates a remark-
able interest in what is destined to be
one of the greatest friendly struggles
for a rich reward ever launched in this
vicinity.

In this list will be found the name of
the most wide awake and energetic
people in this section of Kentucky.
The names were sent in, in many
cases, by friends, who expect their
friend to get busy and win the five pas-
senger Studebaker Touring Car or one
of the other prizes. It is an indication
of the confidence some friend has in
that candidate's ability to win. It is a
nice little compliment. When a
friend of yours considers that you are
of the caliber that stands a chance to
win that handsome Studebaker Tour-
ing Car, he certainly has a wholesome
respect for your ability, as it is cer-
tain that everyone who nominates
some person in this contest, is going
to pick out the very best prospect that
he can call to mind, as they all want
their nominee to win.

MANY NEW NAMES WILL COME.

It is the experience of the campaign
manager that many nominations come
in after the first list of names has been
published. It gives people an oppor-
tunity to look over the list and see if
the friend they want to win has been
nominated or if their neighborhood is
represented. So for that reason, many
new names will appear in each district
for some time to come.

LOOK OVER LIST CAREFULLY.

If your neighborhood, town or rural
route is not represented or if you wish
to enter your own name or that of a
friend, fill in the nomination blank
found on page 7 and send it to the
Campaign manager. Full instructions
and printed matter for use in your
campaign will then be sent you. It
costs nothing to enter or try for any
of the prizes; it requires very little of
your time for it is just a question of
meeting the friends you meet every
day. We have various ways of assist-
ing the candidates and the campaign
manager is always glad to help you in
starting and planning your campaign
so that your efforts will produce the
very best results and you may win the
prize you desire. Call at the office any
day or night you are down town and
ask him to help you in getting started.
Or if you prefer, he will call at your
home and explain the details.

MAY ENTER ANY TIME.

Don't get the impression that by the
publication of the first list of names
that the nominations are closed. Can-
didates may, and will enter the race
for many days to come, and some of
the ultimate winners may not start for
several days to come. Friends of can-
didates or prospective candidates will
have the privilege of sending in nomi-
nations throughout the life of the con-
test. This means, of course, new
nominations, not for those who have al-
ready been nominated. Send in a

DEMOCRATIC TICKET.

For President,
HON. WOODROW WILSON,
of New Jersey.

For Vice-President,
HON. THOS. R. MARSHALL,
of Indiana.

For Congress,
HON. J. CAMPBELL CANTRILL,
of Scott county.

Prophet Without Honor.

President Taft says that the Democratic policy as to the tariff will put an end to prosperity, shut down the mills and factories and produce a panic worse than that of 1907. But this prophet of evil is joined to his idol of a high protective tariff, which he claims is the cause of the country's great prosperity, whereas, as a matter of fact it is in spite of it. Prosperity is due to record breaking crops and other natural causes. To tax the people for the benefit of the trusts and not to pay the expenses of the government economically administered is a crime. The people have stood it as long as possible and have determined to punish those responsible for it by electing a Democratic President and a Democratic Congress.

A Plague on Both.

Governor Wilson does not hesitate to charge that Colonel Roosevelt "did an illegal thing in order to build up an irresistible power," as he terms it, in permitting the purchase by the United States Steel Corporation of the Tennessee Coal and Iron Company. The Colonel says the power of the trusts can not be destroyed, but it should be controlled as much as possible by a commission. In other words the trusts must be asked to be good. It is optional with them whether they will or not.

With Colonel Roosevelt coddling the trusts and Taft showing his willingness to put up with them as long as they put up for his campaign fund, and both shouting for a high protective tariff, the people who suffer under the burdens can well exclaim "A plague on both of your houses." A vote for Wilson and the Democratic nominees for Congress will put the seal of your condemnation on such practically legalized robbery.

Sacrifices to Curiosity.

It can not be truthfully asserted that the appalling lists of death due to aviation has been wholly in the interests of science. Men who have fallen to their death while experimenting in the field of aviation are entitled to all the credit due to men who risk life in the interests of scientific research. But a majority of the victims have met death while exhibiting themselves to the public, not as scientists but as showmen. In response to a morbid demand of the public for new thrills they have taken long chances for a price, not for the joy of discovery. Their deaths are due to the same cause that impels death defying feats under canvas. The general public wants to be thrilled. Americans deprecate the bull fight, and have put the prize fight under the ban. But, after all, isn't it just as bad to demand that men shall risk death in order to supply the thrill, as it is to demand the blood of bulls or to delight in seeing two human animals, trained to the limit of physical perfection, pummel each other to a pulp under the glare of electric lights in a roped in arena.

It Looks Like a Crime

to separate a boy from Bucklen's Arnica Salve. His pimples, boils, scratches, knocks, sprains and bruises demand it, and its quick relief for burns, scalds or cuts is his right. Keep it handy for boys, also girls. Heals everything healable and does it quick. Unequaled for piles. Only 25 cents at Obedorfer's.

Taft on Third Termers.

That the third term movement is not founded on any one principle or for that matter on any principle at all, but merely for the gratification of one man's ambition and vengeance; that it would go to pieces if its remarkable leader should die; that its crazy quilt platform is made up of anything and everything to catch votes; that it is more socialistic than anything suggested in the countries of Europe, and that it is destined to defeat are some of the charges that President Taft brings against Colonel Roosevelt and his so-called Progressive party. That these charges are true few will deny but almost as strong an indictment can be found against the Republican party which has fostered the interests at the expense of the people, wrung taxes from them on the necessities of life and pursued a policy of making the rich richer and the poor poorer. It has sinned away its day of grace and just as sure as November comes the unworthy servants will be scourged from the temple.

Democracy's Day.

In a speech in Louisiana, Colonel Roosevelt said, "We are through once and for all with the Republican party." That is one thing to his credit. The whole country seems tending that way. The G. O. P. is thoroughly discredited. Its life is well nigh spent. When it lived it lived in clover and when it dies November 5 it will die all over. Democracy's day is brightly dawning.

India's Coal Production.

India produces twelve million tons of coal a year.

Get Busy.

The belief is general that Wilson and Marshall will be elected. This confidence, however may prove our undoing. Democrats should not, however, be confident to the extent of relaxing any effort. Get busy and keep very busy until the election booths close.

MASON COUNTY Farm for Sale

On the 23d day of November at 2 o'clock we will offer for sale to the highest bidder the Old Lloyd Farm of 256 acres on the Salem turnpike, one and one-half miles southeast of Germantown in Mason county. This farm has been in continuous possession of the Lloyd family since 1832. It has had careful management, has always been a famous tobacco farm, and is now in a high state of cultivation.

This farm can be divided to advantage and will be offered for sale in parcels and as a whole. There is a good two-story dwelling, a tenant house, all necessary outbuildings, barn room for 25,000 pounds of tobacco, a never failing and well distributed supply of stock water, and fencing in good condition.

The place is one and one-half miles from churches and schools on a good turnpike that leads to the stable door. This farm pays a good per cent farmed on the tenant system and is desirable either as an investment or as a home.

For further information apply to Dan H. Lloyd, Germantown, Ky.

Why Have "Nerves"?

This is the reason why women have "nerves." When thoughts begin to grow cloudy and uncertain, impulses lag and the warnings of pain and distress are sent like flying messages throughout limbs and frame, straightway, nine times in ten, a woman will lay the cause of the trouble to some defect at the point where she first felt it. Is it a headache, a backache, a sensation of irritability or twitching and uncontrollable nervousness, something must be wrong with the head or back, a woman naturally says, but all the time the real trouble very often centers in the womanly organs. In nine cases out of ten the seat of the difficulty is here, and a woman should take rational treatment for its cure. The local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically.

Dr. Pierce, during a long period of practice, found that a prescription made from medicinal extracts of native roots, without the use of alcohol, relieved over 90 per cent. of such cases. After using this remedy for many years in his private practice he put it up in form of Dr. Pierce's Favorite Prescription, that would make it easily procurable, and it can be had at any store where medicines are handled.

Mrs. LILA B. HAWKINS, of Zeus, Va., writes: "I had been failing in health for two years—most of the time was not able to attend to my household duties. Female weakness was my trouble and I was getting very bad but, thanks to Doctor Pierce's medicines, I am well and strong again. I took only three bottles of 'Favorite Prescription,' and used the 'Lotion Tablets.' I have nothing but praise for Doctor Pierce's wonderful medicines."

CORTRIGHT METAL SHINGLES LAID RIGHT OVER OLD WOOD SHINGLES

2. No dirt—no bother, and when once laid they make a thoroughly storm-proof and fire-proof roof, neither of which can be claimed for the wood shingle. As to price—they cost no more than a good wood shingle, and in some places they cost much less. Roofs put on 25 years ago are as good as new today, and have never needed repairs.

Puts End to Bad Habit.
Things never look bright to one with the blues. Ten to one the trouble is a sluggish liver, filling the system with bilious poison, that Dr. King's New Life Pills would expel. Try them. Let the joy of better feelings and the blues, Best for stomach, liver and kidneys. 25 cents at Oberdorfer's.

One Acre for Each Inhabitant.
If the land of England and Wales were equally divided, there would be a little more than an acre for each person.

Qualification.
When men strive for posts of trust, they must be somewhat post-like themselves, and stand steady.—Herbert Kaufman.

The Danger After Grip
lies often in a run down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of grip. If suffering try them. Only 50 cents. Sold and perfect satisfaction guaranteed by Oberdorfer.

The Winner.
Griggs—"I should say that the two keys to success are luck and pluck." Briggs—"Sure! Luck in finding some one to pluck."—Boston Transcript.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Brogan, of Wilson, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For croup there is nothing that excels it." For sale by all dealers.

Life.
To be in society is a bore, to be out of it a tragedy.

Almost a Miracle.
One of the most startling changes ever seen in any man, according to W. B. Holselaw, Clarendon, Texas, was effected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 217 pounds. For many years our family has used this wonderful remedy for coughs and colds with excellent results." It's quick, safe, reliable and guaranteed. Price 50 cents and \$51. Trial bottle free at Oberdorfer's.

Saving Trays.
When a japanned tray becomes old and chipped give it two coats of white paint and one of enamel, the bottom as well as the top. Stand it on the edge to dry after each coat. It will be found as good as new, as well as very pretty. The enamel is easily renewed.

When you have a bad cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion: "I have sold Chamberlain's Cough Remedy for fifteen years," says Enos Lollar, of Saratoga, Ind., "and consider it the best on the market." For sale by all dealers.

No Difference to Her.
"I understand your husband is a candidate for office," said a suffragette out west to her sister in the cause. "Are you going to support him?" "Oh, I suppose so," answered the sister, somewhat wearily, "I've been supporting him for the past ten years."—Chicago Record-Herald.

Sick headache is caused by a disordered stomach. Take Chamberlain's Tablets and correct that and the headaches will disappear. For sale by all dealers.

Conjugal Amenities.
Wife—I saw Mrs. Becker this morning, and she complained that on the occasion of her last visit you were so rude to her that she thought she must have offended you. Husband—Nothing of the kind; on the contrary I like her very much, but it was rather dark at the time, and when I entered the room I thought at first it was you.

Deafness Cannot be Cured.
by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness, caused by Catarrh, that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

No Maltese Cats in Malta.
There are a few of the so-called Maltese terriers in Malta, but they are not of pure blood, and the puppies which the street hawkers offer for sale to tourists are more or less mongrel, with a strain of the old breed. The Maltese cat does not exist in Malta; at least not one has been seen here of the color called Maltese in the United States.

National Characteristic.
A national characteristic of the French people is their habit of family exclusiveness. It is very rarely that a family divides for a holiday. For one thing, middle-class people in France do not pay visits except to members of their own family, and for another, a French mother likes to keep her children under her own eyes as much as possible, both before and after marriage.

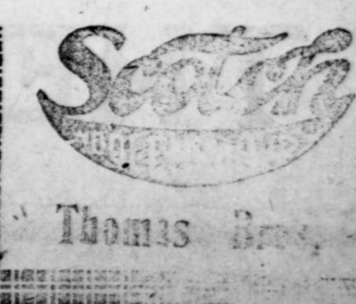

Song Bird as "A Noisy Animal."
William Smith of Upper Holloway was summoned to the North London police court a few days ago for "keeping a noisy animal" to the annoyance of his neighbors.

It appears that Smith owns an ill-regulated thrush which starts singing every morning at 3:30 o'clock. Smith weakly pleaded that it was a lovely songster with a nice mellow note.

In order to escape indelible English justice he had to promise to bottle it up in a jar every morning until a respectable hour of the awakening of the neighborhood.

Burley Tobacco Growers
Boost Your Own Brands

We, as you know, are using your choicest tobacco in the brands of Strater Bros.' Branch, and you know that nobody grows better tobacco than you do. You know how we manufacture, so you know that these brands are perfection. Now we want you to help us sell these brands this year even better than our best previous years. The reasons you should so help are as follows:

You Are Part Owner

The fact that you grow the tobacco makes you part owner of all these brands. Every time that one sells you profit. Every word that you say in favor of any helps to increase those sales. Every brand that you buy for your own use helps make those profits better. All our interests—your interests and ours—are pooled in these several tobaccos. It is logic that you should bend all of your efforts, however small, in the selling.

The United Power of
40,000 Buyers

40,000 men in a section wield an enormous buying influence. It all asks for these brands when they buy tobacco there results a gigantic sale. And big sales are the best advertising known.

To Dealers! Dealers throughout the United States know these famous tobaccos. They are Nation-wide sellers—popular brands. They are helping these dealers to prosper. They are made from the pick of the famous crops of 40,000 growers. Every one of these growers is boosting them all. So are all of their friends. This method is bringing the profits to dealers—to those who sell these brands. Are they working for you? Here are the mild, fragrant, molding brands—GOLDEN GLOW—PENNY POST—FULL PAY—ON THE SQUARE—TORCHLIGHT—STRATERS NATURAL LEAF.

Put them into your stock. See how they sell.

Most of the young ladies were present and the evening was delightfully spent. An elegant lunch was served.

The many friends of Miss Jennie Marie Pepper will be glad to learn that she is doing nicely in her work in expression and dramatic art in the Schuster Institute and was recently elected president of the Senior class, and is one of the few Seniors who was permitted to join the Schuster Dramatic Club. This club will put on a number of plays during the season. She is frequently called on to chaperone the young ladies to the city, and has been called in as referee in more than one love affair. She is much complimented by the entire faculty for her perseverance and determination to accomplish anything she undertakes.

The foot ball game between M. M. I. and the Frankfort High School which was scheduled for Saturday afternoon failed to materialize. When the game was called it is said the Frankfort team attempted to introduce two rinzers, thus violating the high school rules of the game. Col. Best informed them that unless they would take these men out of the game

it could not be played. This they refused to do claiming that they had brought only enough men with them to play the game. The high school rules on foot ball requires that a man should be a student of the school, on whose team they play for several weeks prior to the time of playing match games. Jack Martin, one of the rinzers of the Frankfort team had only been in the school since last Monday. There were to have been two games with Frankfort, the second to be played on the Frankfort grounds, but it is more than likely that this game will be canceled.

Mr. W. E. Butler left Monday for a weeks' visit to relatives at Cincinnati and Covington.

Mr. Elmer Davis and Miss Sudie May Reese, of Helena, arrived Saturday as guests of Miss Nancy Jones.

Miss Elizabeth Ingels left Friday for a two weeks' visit to her aunt, Mrs. G. W. Judy, at Lexington.

Sanders has been pastor of the church here for five years. He was not united in marriage until after he came to Millersburg, his entire married life having been spent in Millersburg. He has accepted a call in Florida. His resignation becomes effective November 1.

Touches Wire and is Killed.

William Luckett, of Philadelphia, Pa., aged 23 years, an employee of the General Electric Co., of Schenectady, N. Y., met death yesterday morning about 6:30 o'clock at the substation on the Paris and Lexington interurban line near this city, when he came in contact with a high tension electric wire.

Luckett, who was an expert electrician, had been in the employ of the electric company for some time and had been engaged for about five weeks with a force of men in installing a new plant at the substation. Yesterday morning he was working around what is known as the high tension oil switch and it is supposed he accidentally came in contact with a live wire.

The current on the switch, it is said, had been turned off at intervals during the morning and that the unfortunate victim of the accident knew of this fact. The last time the current was turned on it remained on for fully three-quarters of an hour. When Luckett came in contact with the electric current 33,000 volts passed through his body.

Notwithstanding the fact that the current was sufficient to produce instant death he was kept alive by means of artificial respirators for two and one-half hours, although he was in an unconscious condition during the entire time.

The first time that was known of the accident was when workmen who were in the same room were attracted by the arcing of the wires and going to investigate found the body where it had fallen when touched by the live wire. In the room were four other workmen including the foreman of the electricians engaged in installing the plant.

Luckett was frightfully burned about the body, his left hip and shoulder bearing evidence of the effect of the deadly current while his face was seared by the heat of the arcing wires and in several places the skin was broken.

Several persons who were in the vicinity stated the flash produced by the contact could be seen for some distance from the power house.

When the accident occurred Luckett was engaged in sandpapering a part of the brass work near the switch, the massive machinery obscuring him from the view of his fellow workmen.

Immediately after the discovery of the accident was made by the companions of the unfortunate man, physicians were summoned from this city, Drs. Pithian and Daugherty responding to the call and they administered to his injuries until his sufferings were relieved by death.

The substation, where the accident occurred does not belong to the Kentucky Traction and Terminal Co., as it has not yet been completed and turned over by the General Electric Co.

Coroner Rudolph Davis went to the scene shortly after the death of Luckett and conducted the investigation, finding the facts as above stated. The remains were then removed to Lexington where Luckett had been boarding and his relatives in Philadelphia notified of his death. The body will be sent to that city for interment.

Rassenfoss Property Sold.

Mr. John Sauer, of this city, closed a deal Friday for the purchase of the property at the corner of Main and Seventh street from Mr. George Rassenfoss. The price paid is said to be \$7,000, a considerable sum in advance of what the property was originally purchased by Mr. Rassenfoss.

The property has a frontage of thirty-three feet on Main street and extends back a depth of 91 feet and 9 inches on Seventh street. This is one of the most desirable pieces of business property in the city and the purchaser will get possession January 1, 1913. By the terms of the deal Mr. Rassenfoss is given the material in the structure provided it is removed from the site by the date it is turned over to the purchaser.

It is said Mr. Sauer plans to build a modern three story store and flat building which will be occupied by Mr. Sauer with his immense stock of groceries. On the second and third floors commodious and well appointed apartments will be arranged.

It is said Mr. Rassenfoss will retire temporarily from the retail business and will dispose of this bakery plant and restaurant business. As he owns a large farm on the Georgetown pike he will move to it and spend the next few years in cultivating his lands. Mr. and Mrs. Rassenfoss will continue to reside at their home in this city.

You Buy a

Warner's Rust-Proof CORSET

and you are not satisfied with it. We are not going to stop to ask you questions, no matter how long you have had a corset. If it has broken, if it has ripped, if it has rusted, if anything has happened to the corset that we say ought not to happen, we want the corset and you want your money.

Warner's Styles

are fully endorsed by us. This is the first time in our experience we have been able to place on our counters this early in the season, a line of Autumn and early Winter corset styles, and it is our hope that we can persuade you to an early corset fitting.

You may be a devotee of the ready-to-wear—that is the type of figure that can always find the right suit without the annoyance and delays occasioned by having to order a suit at your dressmaker's or tailor's—if so, we want to fit you to your corset first, so that you may have the proper lines over which to fit your dress. We are showing these latest styles practically with our cloak and suit opening.

Notice to Contestants.

In reply to several inquiries I desire to state to those who have entered the News' Automobile and Prize Contest and to those who contemplate doing so, that the contest will be conducted with absolute fairness to all who are interested.

Being an undertaking of considerable enormity there is every reason why the contest should be conducted without any favoritism being shown to any particular candidate or candidates, and the reputation of the News being at stake we desire this fact to be generally known among those who are competing for the prizes that are being offered.

Mr. W. C. Potts, who is in charge of the campaign, comes to me highly recommended for his honesty and integrity and I feel absolutely secure in assuring the candidates of a square and impartial deal from his hands. At the close of the contest a committee of reputable men of this city, who will be selected at a later date, and who will be without interest in the affair to count the vote and make the announcement of the winners in the contest.

If any of the candidates who have entered the contest did so with the expectation of receiving favors from the News, its campaign manager or any of its employees, it is our desire and request that they withdraw their names without delay.

We will ask the candidates, present or prospective, to visit the jewelry store of Shire & Fithian, from whom the district prizes were purchased and also the Bourbon Garage & Supply Co., which company furnished the grand prize, and examine the prizes we are offering. All prizes were on display the day the campaign opened and will continue to be on display during the life of the contest, so that the candidates may see the prizes they are working for.

A Little Talk On Coffee

In buying Coffee do not rely on the attractiveness of the package or the size of the Coffee berry. Neither one adds to the Coffee when brewed. It is by these two means the customer is often deceived. In the second place, the large fine looking berry is more than apt to be some inferior Mexican grade. If you have longed to enjoy a real good cup of coffee, call 64 and we will send you a package of **Chase & Sanborn's Famous Roasted Coffee**. If you are not more than pleased we will gladly refund the full purchased price. Be sure and call 64, for we are the exclusive selling agents of this celebrated Coffee.

Dear Amy:-

This morning, Baby John got into the basement with a hatchet and chopped at the parlor set until it isn't presentable. We stored our heavy furniture for the summer. My! but his father would have had lots of furniture to buy if baby hadn't smashed his thumb when he did and given the alarm.

But buying new furniture is an easy task for me. I long ago found a reliable place to trade and I've been going there for a long time and nowhere else.

DETAILS OF AUTOMOBILE AND PRIZE CAMPAIGN.

THE CAPITAL PRIZE.

The Grand or Capital Prize offered in this great campaign is a handsome \$910 Flanders touring car—one of the best known and most reliable cars in the country. It was purchased especially for this great campaign from the Bourbon Garage and is now on display. It is a machine of superb mechanical qualities and will excite the greatest interest in every locality where the joy of automobilism is known. The desire is intense in every wide awake person to own a beautiful car that means so much personal joy and for the entertainment of family and friends. The publisher of the Bourbon News takes the greatest pleasure in being able to put such a machine in the possession of some popular person in this section as a reward for their industrious efforts during the next few weeks.

THE DISTRICT PRIZES.

The District Prizes consist of beautiful Diamond rings and handsome Elgin Watches. They were purchased especially for this great campaign from the well known and reliable firm of Shire & Fithian.

The Diamond Rings are indeed sparkling gems of beauty and the winner of any one of them may well feel proud of them. They are perfect stones and the reputation of the above firm stand back of them.

There are two 15 jeweled Elgin Watches and two 7 jeweled Elgin Watches. The name of the Elgin Watch is so well known as a most reliable timekeeper that it is hardly necessary to give a further description of them. All of the district prizes will be on display in the window of the Jewelry store of Shire & Fithian.

WHO MAY ENTER.

Any person, lady or gentleman, boy or girl, living in this section of Kentucky may enter this campaign. It costs nothing to enter or try for any of the prizes. They do not have to be subscribers to the Bourbon News in order to enter; all that is necessary is to fill out the nomination blank with your name or the name of the person you wish to enter, and bring or send it to the Campaign Manager, The Bourbon News, Paris, Ky. The nomination blank will count 1,000 votes for the party so nominated. Votes may be clipped from the paper or secured on subscriptions. The votes which appear in the News are good for 25 votes each if voted before the date of expiration printed on the coupon. Those issued on subscriptions as shown in another part of this announcement. Under the campaign arrangement, you only have to compete against the candidates in

your own district to secure any of the district prizes. Candidates and their friends may secure votes and subscriptions anywhere.

HOW TO ENTER.

Fill out the nomination blank found elsewhere in this issue and send it to the Campaign Dept., The Bourbon News. Full details of the campaign and printed matter for use in getting your campaign started will be sent you.

RULES OF THE CONTEST.

The campaign is open to every white person possessing good character, residing within the limits of the territory of the contest.

Candidates and their friends may secure subscriptions anywhere. No special ballots will be issued for less than two dollars.

Candidates must be entered from the

district in which they reside, and cannot move from one district to the other and retain the votes to their credit in the former district.

The campaign manager reserves the right to reject any candidate and to pass final judgment on any question which may arise.

Votes once issued cannot be changed to count for another candidate.

Candidates compete only against the contestants living in the same district as themselves for the district prizes.

The campaign manager reserves the right to make any changes or alterations in the rules and conditions that may be necessary to the best interests of the contest.

No promise, or agreement, either written or verbal, made by agents, solicitors or representatives, other than those published in the Bourbon News will be recognized.

The rules and conditions given above are to govern the contest of The News and all candidates entering the contest agree to be governed by the rules and conditions as above set forth.

Until further notice no contestant will be allowed to poll more than a sufficient number of votes to place their standing 5,000 votes in advance of the leader of the preceding issue. For instance, if A had 1,000 votes in today's issue, you would be allowed enough to place your standing 6,000 votes in the next issue. As many subscriptions as you wish may be turned in and vote ballots will be issued and returned to you.

For rules and further details see page 7. Address all nominations and communications to the Campaign Manager The Bourbon News, Paris, Ky.

HOW VOTES ARE SECURED.

With every subscription to The Bourbon News (when it is asked for) is given a ballot good for a certain number of votes, according to the length of the subscription. These ballots may be held as long as desired and voted at any time up to the last day of the contest. In fact, it is well to hold back a large per cent of your vote ballots, as then no one knows how many votes you have, and are less likely to have someone who knows that you have turned in all of your subscriptions, and had the vote published, to step in the last moment and get the prize you desire. If you hold back part of your ballots no one knows, not even the contest department, for no record is kept of vote ballots issued to you, how many votes you have.

Teeth for Circular Saw.

Every other tooth in a new circular saw for cutting tool steel is a trifle longer than its neighbor, the long teeth making the center of the cut and the short ones, which are thicker, gouging out the sides.

You Want the Best— Not the Cheapest

Flanders "20" Roadster, \$750

Don't be alarmed if somebody tells you you can buy an automobile for less money than the \$750 Studebaker-Flanders "20." You can, but you better not. The Flanders "20" corresponds point by point with the best and highest priced cars sold. Cheaper cars at every vital point are built on ideas long ago discarded for good cars. Don't take our word for it. Make comparisons and see.

The Studebaker-Flanders "20" is a marvel—a high grade modern car at a low price. If you pay less you buy much less. And the cheaper car today will cost you far more in the long run. The competing car isn't sold which the Studebaker Corporation, the greatest automobile manufacturers in the world, couldn't reproduce for less money; but we won't build a cheap car, because the name "Studebaker" means the best for your money.

If you are content with a car that runs today and dies tomorrow, don't buy the \$750 Flanders "20." It will wear for years. Remember this—the Studebaker-Flanders "20" will outwear 2 to 1 any other car under \$1100 and give you double satisfaction, confidence and comfort into the bargain.

We can prove it—Send for new catalogue

It was a very quiet home affair and the ceremony was performed by Rev. M. T. Chandler, of the Methodist church. "The bride is quite a handsome woman and has many friends here. The groom, formerly of Paris, has been connected with the clothing store of Mr. B. F. Goldnamer and his successor, Mr. J. S. Prather, for a number of years. He is an excellent gentleman of attractive personality and high character, in fact a splendid fellow in every respect."

Paris To Meet Lexington.

The best foot ball game of the season locally will be played on the grounds at White Park, Friday, October 18, when the High School eleven meets the Lexington High School team. Last year Lexington High School won the State championship and they have a wonderful team again this year, having already defeated Transylvania and State freshmen eleven. The local boys have not been defeated so far this season and are determined not to let Lexington cross their line, so a battle royal will result. The wearers of the orange and black have only lost four games in the last four years, and expect to keep up their record again this season. They are in the pink of perfection and ready for Lexington. The probable line-up of Paris will be as follows: Center, Arnsparger, Right Guard, Mitchell, Right Tackle, Kerns or Wagner, Right End, Friedman, Left Guard, Lynch, Left Tackle, Davis, Left Half, Thompson, Capt., Right Half, Adair, Full Back, Link, quarter Back, Laird. Officials, Less Gony of Mt. Sterling P. Lancaster of Paris.

Negro Housebreaker Pleads Guilty.

Will Brown and Less Hill, negroes, were arrested Friday night by Patrolman Fred Link, who had them locked up on a charge of housebreaking. It was thought the negroes were implicated in the robbery of the grocery store of Logan Howard several nights ago. Evidence was secured by Patrolman Link that one of the negroes has been seen with a large number of pennies, and as this was all of the money that had been stolen from the store of Mr. Howard, and following this clue closely it resulted in the arrest of the two men, who were taken into custody at the home of Anna May Evans, on Sycamore street, where they had a room. The Evans woman was also lodged in jail on a charge of resisting an officer, the offense having been committed several days before.

The negroes were arraigned for examination Saturday afternoon, and Brown entered a plea of not guilty before Squire L. J. Fretwell. He was held to the grand jury in the sum of \$400, and in default of bail he was committed to jail to await the action of the Bourbon county grand jury.

Hill was arraigned before Squire L. J. Fretwell yesterday morning for his examining trial and after hearing evidence he was dismissed.

A SOUND INVESTMENT 6 Per Cent.

The Hotel Gibson Co. (Cincinnati) 6 per cent. preferred stock is a first lien on building and equipment to cost \$1,200,000, or \$500,000 more than entire preferred issue. In addition to this equity, there is a gain of at least \$250,000 in present value of ground over price at which Hotel Gibson Co. has right to purchase; so that preferred stock will have property assets back of this security of at least 200 per cent. of its par value. This property will probably increase still more in value, as the location is the center of Cincinnati's commercial district.

Established as hotel for 60 years in this location. Earnings for past 11 years more than sufficient for preferred dividend and new hotel will have five times earning capacity of old hotel.

Twenty-five thousand dollars must be deducted from earnings each year to retire the preferred stock.

Rentals of stores, offices and leased privileges more than sufficient to meet all fixed charges and preferred dividend.

We believe this stock meets the strictest requirements of the most discriminating investor as to safety of principal and income.

Any part of 1,000 shares offered at par, carrying dividend from date of purchase and netting 6 per cent. on investment.
